Nicole - As an FYI update, Mike M told me that, based on Clancy's advice, KT plans on canceling this Sept 10th briefing until program staff review and coordinate on the presentation materials in advance. Good for Clancy!

Mike -

I plan to follow-up with David Cooper about his recent meeting invite for briefing Keith on TASC at SSFL. Based on a meeting that Elizabeth, Claire, Clancy, Luis, Nicole, and I attended several weeks

ago, both Nicole and I understood that this briefing for Keith would be two-fold: (a) *Should* we proceed with TASC at SSFL (pros/cons/recommendation), and (b) If YES, then *how* do we roll-out TASC at SSFL. The problem is that David's email implies that the answer to the first question is already "Yes".

I will request that David's presentation addresses both of these questions sequentially and if we can see his presentation material in advance.

I am only letting you know this in case KT asks you what this briefing is about.

Thanks,  
Craig

p.s. Since Loren is not starting until Sept 28th, I assume that I should not start copying him on emails until then. Yes? re: David Cooper invited Loren to this September 10th briefing for Keith.
